Preventive medications are used to prevent certain conditions from developing, or to prevent a condition from coming back.

**Certain preventive medications are available at no cost-share to you**

Health care reform under the Patient Protection and Affordable Care Act (PPACA) requires plans to cover certain preventive medications and products at 100%, or no cost-share ($0) to you. The U.S. Preventive Services Task Force and the Institute of Medicine provides guidance on which drug classes should be covered on this list. These recommendations are meant to help prevent disease, as well as meet women’s unique health care needs.

**Choosing the right preventive medication**

Many preventive medications are covered at 100% (or no cost-share to you) under PPACA's preventive coverage requirement. Talk with your doctor to see if one may work for you. If your doctor feels a certain contraceptive or smoking cessation medication on this list isn't right for you, ask your doctor to contact Cigna. Together, we'll look for other medications that may be available at no cost-share.

**Religious exemptions to contraception coverage**

PPACA allows certain employers to not cover (or exclude) contraceptives from coverage based on their religious beliefs. For women with a Cigna pharmacy plan through one of these employers, where the law requires, Cigna will pay for contraceptives and/or certain medications at no cost. This coverage is private and confidential and isn't administered, funded by or connected in any way to the employer's health coverage.

---

**Preventive medication coverage**

This is a list of the preventive prescription medications and over-the-counter (OTC) products available to you at no cost-share (copay, coinsurance and/or deductible). For your plan to cover these medications at 100%, you'll need to get a prescription from your doctor – even for the OTC products which are typically available without a prescription. Medications are listed alphabetically by drug category. Brand-name medications are capitalized and generic medications are lowercase.

This drug list is updated often so it isn't a complete list of PPACA-covered medications. Also, your specific plan may not cover all of these medications. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about how your plan covers preventive medications.
PPACA NO COST-SHARE ($0) PREVENTIVE MEDICATIONS

This is a list of the preventive prescription medications and over-the-counter (OTC) products available to you at no cost-share under PPACA. For your plan to cover these medications at 100%, you'll need to get a prescription from your doctor – even for the OTC products which are typically available without a prescription. This drug list is updated on a regular basis.

1. This is a list of the medications and other products covered at 100% under the plan’s pharmacy benefit at this time, based on existing legal requirements, and is subject to plan terms like limitations and exclusions. For example, this list of medications may change if legal requirements for preventive coverage changes.

2. PPACA coverage requirements don’t apply to all plans. Log in to the myCigna App or myCigna.com, or check your plan materials, to find out how your plan covers these medications and how much they’ll cost you.

3. If your doctor feels these medications aren’t right for you, ask him or her to call Cigna. There may be other brands available at no cost-share to you.

4. Generic hormonal contraceptives are available at no cost-share to you, even though they may not be listed here.

5. This medication will only be covered at no cost-share ($0) if used alone instead of in combination with other HIV medications.

6. Generic nicotine replacement therapy (known as “store-brands”) are available at no cost-share to you, even though they may not be listed here.

7. Not all plans cover vaccines in the same way. Log in to the myCigna App or myCigna.com, or check your plan materials, to find out how your specific plan covers them. You can also see a current list of covered vaccines and pharmacies in your plan’s network. Most immunizations for travel aren’t covered. Call your pharmacy to make sure your plan covers the vaccine and it’s available at their location. You shouldn’t need to make an appointment to get a vaccination. If you use an out-of-network pharmacy, vaccines may not be covered or may be subject to your plan’s copay, coinsurance or deductible.

Cigna reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan’s network, your prescription may not be covered, or reimbursement may be limited by your plan’s copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan’s prescription drug coverage.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna representative.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, and HMO or service company subsidiaries of Cigna Health Corporation. The Cigna name, logo, and other Cigna marks are owned by Cigna Intellectual Property, Inc.
Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna:
- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by sending an email to ACAGrievance@Cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
PO Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAGrievance@Cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:
