Important Questions	Answers	Why This Matters
<p><b>What is the overall <a href="#">deductible</a>?</b></p>	<p>For in-<a href="#">network</a> services:                      \$500/Individual, \$1,000/Individual + Partner, \$1,000/Individual + Child(ren), \$1,500/Family                      For out-of-<a href="#">network</a> services:                      \$1,500/Individual,                      \$3,000/Individual + Partner,                      \$3,000/Individual + Child(ren),                      \$4,500/Family</p>	<p>Generally, you must pay all of the costs from <a href="#">providers</a> up to the <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay. If you have other family members on the <a href="#">plan</a>, each family member must meet their own individual <a href="#">deductible</a> until the total amount of <a href="#">deductible</a> expenses paid by all family members meets the overall family <a href="#">deductible</a>.</p>
<p><b>Are there services covered before you meet your <a href="#">deductible</a>?</b></p>	<p>Yes. Preventive care and prescription drugs are covered before you meet your deductible.</p>	<p>This <a href="#">plan</a> covers some items and services even if you haven't yet met the <a href="#">deductible</a> amount. But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply. For example, this <a href="#">plan</a> covers certain <a href="#">preventive services</a> without <a href="#">cost sharing</a> and before you meet your <a href="#">deductible</a>. See a list of covered <a href="#">preventive services</a> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits">https://www.healthcare.gov/coverage/preventive-care-benefits</a>.</p>
<p><b>Are there other <a href="#">deductibles</a> for specific services?</b></p>	<p>No.</p>	<p>You don't have to meet <a href="#">deductibles</a> for specific services.</p>
<p><b>What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a>?</b></p>	<p>For in-<a href="#">network</a> services:                      \$2,500/Individual,                      \$5,000/Individual + Partner,                      \$5,000/Individual + Child(ren),                      \$7,500/Family                      For out-of-<a href="#">network</a> services:                      \$4,500/Individual,                      \$7,500/Individual + Partner,                      \$7,500/Individual + Child(ren),                      \$10,500/Family</p>	<p>The <a href="#">out-of-pocket limit</a> is the most you could pay in a year for covered services. If you have other family members in this <a href="#">plan</a>, they have to meet their own <a href="#">out-of-pocket limits</a> until the overall family <a href="#">out-of-pocket limit</a> has been met.</p>

<b>What is not included in the <u>out-of-pocket limit</u>?</b>	Premiums, balance-billed charges, and health care this <u>plan</u> doesn't cover are not included.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
<b>Will you pay less if you use a <u>network provider</u>?</b>	Yes. See <a href="http://join.collectivehealth.com/NortonLifeLock">join.collectivehealth.com/NortonLifeLock</a> or call (833) 834-1157 for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays ( <u>balance billing</u> ). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
<b>Do you need a <u>referral</u> to see a <u>specialist</u>?</b>	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

 All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
