No one can prevent all identity theft or all cybercrime.

<sup>1</sup> If your plan includes credit reports, scores, and/or credit monitoring features ("Credit Features"), two requirements must be met to receive said features: (i) your identity must be successfully verified with Equifax; and (ii) Equifax must be able to locate your credit file and it must contain sufficient credit history information. IF EITHER OF THE FOREGOING REQUIREMENTS ARE NOT MET YOU WILL NOT RECEIVE CREDIT FEATURES FROM ANY BUREAU. If your plan also includes Credit Features from Experian and/or TransUnion, the above verification process must also be successfully completed with Experian and/or TransUnion, as applicable. If verification is successfully completed with Equifax, but not with Experian and/or TransUnion, as applicable, you will not receive Credit Features from such bureau(s) until the verification process is successfully completed and until then you will only receive Credit Features from Equifax. Any credit monitoring from Experian and TransUnion will take several days to begin after your successful plan enrollment. Please note that in order to enjoy all features in your chosen plan, such as bank account alerts, credit monitoring, and credit reports, it may require additional action from you and may not be available until completion.

<sup>2</sup> If your plan includes One Bureau Credit Application Alerts, two requirements must be met to receive said features: (i) your identity must be successfully verified with TransUnion; and (ii) TransUnion must be able to locate your credit file and it must contain sufficient credit history information. IF EITHER OF THE FOREGOING REQUIREMENTS ARE NOT MET YOU WILL NOT RECEIVE ONE BUREAU CREDIT APPLICATION ALERTS. One Bureau Credit Application Alerts will take several days to begin after your successful LifeLock plan enrollment.

<sup>3</sup> Norton Cloud Backup, Norton SafeCam, Norton Family, and Norton Parental Control features are not supported on Mac, Windows 10 in S mode, and Windows running on ARM processor).

<sup>4</sup> Norton Family and Norton Parental Control can only be installed and used on a child's Windows PC, iOS and Android devices but not all features are available on all platforms. Parents can monitor and manage their child's activities from any device - Windows PC, Mac, iOS and Android -- via our mobile apps, or by signing into their account at my.Norton.com and selecting Parental Control via any browser.

<sup>5</sup> Locking or unlocking your credit file does not affect your credit score and does not stop all companies and agencies from pulling your credit file. The credit lock on your Transunion Credit File will be unlocked if your subscription is downgraded or canceled.

<sup>6</sup> Home Title Monitoring feature includes your home, second home, rental home, or other properties where you have an ownership interest.

<sup>7</sup> The LifeLock alert network includes a variety of product features and data sources. Although it is very extensive, our network does not cover all transactions at all businesses, so you might not receive a LifeLock alert in every single case.
